## ABOUT US

CPS has a glorious history in the inter-school basketball scene in the 1990s. It was re-introduced to the students in 2010. Over the years, the members have come together to fight as one united team. We stand tall together no matter what the outcome is. We strive to be diligent and helpful, emulating what our school motto portrays. With hard work and commitment.

## HIGHLIGHT

Our basketball girls have been achieving good results over the years. The breakthrough came in 2015 as for the first time, both our Junior Girls and Senior Girls entered the Nationals. Our Senior Girls even went on to the National Finals and bowed out of the tournament in second place.

## OUR FOCUS

We focus on character building and the development of their skills and knowledge. If your child is interested or has shown some flair in playing sports, join basketball!
