

Choir

The CPS Choir aims to develop each individual in their vocal ability and techniques both as a soloist as well as in a choir. Members will be exposed to different genres, languages and cultures while nurturing their appreciation of music especially in choral music and vocal arts. We will also help to build pupils' confidence through different performances during school events and external platforms if opportunity arises. The trainings may be demanding but members will depart from our school choir a more determined and resilient individual who works well as a team. .

I am happy to have my seniors support me whenever we do group singing. I enjoy the choir session very much.
