# Speech and Drama Enrichment Programme

All P1 pupils were involved in the Speech and Drama Enrichment Programme in Term 3. The sessions were conducted on 11, 18, 25 and 28 July 2016. The programme aims to foster pupils' interest in learning Malay language and at the same time, develop their expressive skills, build up their confidence in speaking and enable them to learn the value of teamwork through a variety of activities such as voice projection and role-playing. At the end of the programme, the pupils staged a drama performance to showcase their talents as part of the MTL Fortnight activity.

---

## Kompang Enrichment Programme

As part of the Malay Cultural Experience Programme, all P2 pupils were involved in a Kompang Workshop in Term 2 Week 10. The workshop were conducted during ML lessons and pupils learnt more about the Kompang - a small hand drum that is commonly used by the Malays during wedding processions. Through interactive activities, pupils not only learnt to play the Kompang, they also learnt to appreciate Kompang music better as a comprehensive talk on the background of the instrument was incorporated in the fun-filled session.

---

# Wayang Kulit Enrichment Programme

As part of the Malay Cultural Experience Programme, all P5 pupils were involved in a Wayang Kulit Workshop in Term 2 Week 10. Pupils got to learn more about the Wayang Kulit – a shadow puppet theatre that has been a prominent part of the Malay tradition and culture. Through this interactive programme, pupils not only learnt to perform the Wayang Kulit, they also had a better understanding of the Wayang Kulit. A comprehensive talk on the background of the theatre performance was incorporated in the fun-filled session.

---

# Literacy Programme

The literacy programme aims to support weak readers in improving their reading. Improvement in their reading skills will help to ease students' learning in class. Selected P1 and P2 pupils will be guided by a teacher to support and strengthen their reading abilities progressively. Reading competency test will be carried out frequently as a tool to monitor pupils' progress in reading. Pupils in this programme are given reading booklets to help chart their reading journey and work towards achieving their own goals for reading.

# Extensive Reading Programme

All P1 to P5 pupils are involved in the Extensive Reading Program (ERP). The objective of the programme is to expose the pupils to the different genres of Malay folklores. By reading these books, pupils will not only cultivate the love for reading Malay language books, it will also deepen their understanding of our culture and customs. Ultimately, the programme aims to improve the pupils' command of the Malay language. To stimulate pupils' interests, they are involved in various activities such as role plays, drawings of characters and reflections.
